

Online Fundraising Ideas

Congratulations!

You have registered for Walk YOUR Way for Autism 2020 and you have made a meaningful goal! Here are some practical fundraising ideas to help you reach you and your team's goal:

Online Auction

Host an online silent auction by creating a private (or public) Facebook group and invite friends to participate with all proceeds going to your Walk goals.

Online Raffle

Create a prize basket filled with things from your favorite local shops and sell tickets to friends and family for their chance to win. Don't forget to get a license from NS Gaming Authority (it's easy & affordable).

Online 50-50

Sell 50-50 tickets online through your social media channels- it's a win-win! You are closer to reaching your fundraising goal and one lucky person gets to win too! Don't forget to get a license from NS Gaming Authority (it's easy & affordable).

Virtual Cooking/Baking Lessons

Have a passion for cooking or baking? Promote your online lessons ahead of time and invite friends to make a donation to your team in order to participate in your lesson. Create a private Facebook group and livestream your event to those who signed up. This idea can work for ANY kind of virtual lesson- want to teach friends to sew, paint? Whatever you are good at and have some fun doing this with friends and family!

Facebook/Instagram Live Event

Create a live fundraising event with some entertainment, maybe a special speaker or author and invite friends to sign up, make a donation and attend a fun night of special entertainment for a good cause!

Virtual Birthday Fundraiser

Share your fundraising goal on your social media channels and ask friends and family to donate towards your goal as a part of a birthday gift to you! Make sure to link to your personal fundraising page.

**Reminder: for any games of chance please obtain a gaming license at <https://gamingns.ca/faq/>*
